Dear Friends!

Thank you for your generous assistance you gave us in order to help people of Transcarpathia, who suffered a lot from the flood. Our Apostolic Administration has started some projects which try to lighten the very serious problems of the flood victims and we are happy to use the given 1000 USD for their purposes.

Thank you for your help and let's praise God for His caring love. We pray that our Lady of Fatima asked God's graces for you all.

Yours in Christ,

Antal Majnek
